Harwyn has been creating working-from-home experiences long before it started trending

Thanks to the pandemic, the world of remote working is now a reality. Australians.

But it's certainly not remote as.

Established in Melbourne Australia, Harwyn has been creating remote working-from-home offices for remote working professionals since 2017. Our mission is to provide a quality product that is liable to create strictly working workspace.

Our mission? To create remote home office spaces that let people not visiting into, stay, work, and live in peace.

Designed by architectural submission architect Tilman Mitschke – and constructed to precision by our Australian-based production partner, Lancaster.

Lee's Story

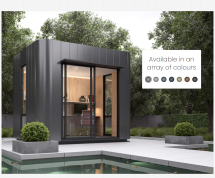
Harwyn is more than a beautiful space

Harwyn's your way to a practical and convenient dedicated home office **(instead)**:

- Simple pre-installed power points & WiFi ports
- Built to weather & noise damage protection
- Energy-efficient LED lighting
- Easy to clean and maintain (no repainting, ever)



> *I was now separate my work and home lives in style. My Harwyn is more than a space to work – it's an inspiring place to create.*
