

## About Us

### Bonney knows refrigeration

#### A complete service

At Bonney, we take the time to understand your refrigeration needs and design a system that works for your business. With performance and longevity in mind, our team of experts then build, install and service your custom system to the highest of standards.

#### We're on call. Round-the-clock.

We know how much is at stake when your refrigeration system isn't working the way it should. That's why we have a 24/7 emergency breakdown service guarantee – every day of the year.

We don't just promise to be on call – we're actually there when you need us. We'll pick up your call, day and night. Our specialist technicians will come to your site in a heartbeat with all the spare parts they could possibly need to get your system back up and running in no time.

#### Leaders in energy efficiency

Smart businesses today demand high-performance refrigeration solutions that are also energy efficient and kind to the environment. And we have taken up the challenge.

At Bonney, we leverage the very latest technology to design systems that:

- Use zero or low GWP refrigerants (NH3, CO2)
- Reduce operating and compliance costs
- Reduced refrigerant charge
- Have high quality components
- Have high-efficiency motors and components
- Have low environmental impact

#### Competitive prices to make you smile

We offer competitive prices and service programs to maximise your system's performance.

Your Bonney refrigeration system will be designed to be durable, efficient and easy to maintain. This means lower ongoing operating and servicing costs than you would pay elsewhere.

#### A family name to uphold

As a long-standing family business, Bonney is known for its dedicated and personable approach. And when it comes to choosing people, our expectations are high. Very high.

We only employ staff with extensive industry knowledge and experience so we can answer your questions on the spot. We also have a large network of quality suppliers that allow us to operate Australia-wide.

**Let us design, install and service a superior refrigeration system for your business that won't let you down. [Contact Bonney today](#) or call us on [03 9746 7616](#).**
