

MAKE MORE TIME FOR *life*

Let me take care of your wealth administration and bookkeeping.

Let me help you make time to do the things you love.

LET'S DO THIS

How I help

Think of me as your financial guardian angel. The eyes and ears of your personal and family wealth. Always with your best interests at heart.

From bookkeeping and admin to bill payments and advisor liaison, I take the headache and burden out of managing your finances.

LEARN ABOUT MY SERVICES

Hi, I'm Kali

I'm here to help you create time for those extraordinary life experiences. By managing the complexity of your finances, I give you more 'you-time' to do what's most meaningful to you.

I want to help you create a personal legacy – that's as strong as your professional one.

READ ABOUT MY APPROACH

The environment is special to me

Part of my purpose (in work and in life) is to help protect the environment – the ocean in particular.

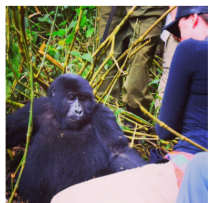

That's why Code Accounts commits 1% of its annual sales to local non-for-profits that share my vision.

But for me, connecting to the environment is just as important. And that's what 'Code on the Road' is all about.

DISCOVER MY PURPOSE

Code on the Road

Here is a collection of my most memorable interactions with the environment. I hope it inspires you to fall in love with nature too.
