

About

Welcome to Complete Speech Pathology

Welcome to a place where we believe every person should feel respected. We work with children, adolescents and adults experiencing communication and swallowing issues – and support their loved ones too.

Backed by years of experience

We've been delivering speech therapy for children, adolescents and adults across Melbourne since 2005.

Qualified and professional, all our speech pathologists have had proficient experience before joining our team.

We understand the complexities of communication – and are skilled in handling a range of challenges.

What we do

At Complete Speech Pathology, we support children, adolescents and adults in their communication and swallowing issues. This includes people affected with brain injury, trauma, Autism Spectrum Disorder (ASD) and reading difficulties.

Specifically, we offer:

- Onsite therapy at two locations: Frankston and Cheltenham
- Offsite therapy at homes, schools, hospitals, nursing homes
- Education for health professionals
- Medico-legal reports

Your funding options

When you see one of our speech pathologists, you may be eligible for funding from one of the following:

- ✓ Onsite therapy at two locations: Frankston and Cheltenham Medicare
- ✓ National Disability Insurance Scheme (NDIS)
- ✓ Transport Accident Commission (TAC)
- ✓ Work Cover
- ✓ Slow to Recover
- ✓ The Department of Veterans' Affairs (DVA)
