

About Us

Quadrant Building

Where integrity meets experience

Whether it's a luxury multi-level apartment block or community centre, you need a building partner with integrity and experience. With a 25-year track record for successful retail, commercial and residential projects, our credibility is as concrete as the foundations we build.

An arm of the APD Group, Quadrant Building is known as the 'quiet achiever' in the Melbourne property market. Always understated. Discerningly selective.

Synonymous with quality and reliability, we're immensely proud of the reputation we've built over the years. It's no wonder our trusted industry partners recommend and turn to our team, time and again.

With diverse, multidisciplinary capabilities, we have the interest and nous to bring all types of projects to life.
