

About

50 years of experience. 50 years of client loyalty.

Turnbull Cook has been a staple in the Australian strata management market since the 1960s.

But here's our greatest source of pride: we still service some of our very first clients! That's more than 50 years of loyalty. And 50 years of delivering consistent, quality outcomes.

The fact that we've been around for so many years doesn't mean we're stuck in our ways either.

And if there's a way to make your life easier, we'll find it – even if it's as simple as following up with a contractor so that you don't have to.

We also pride ourselves on our down-to-earth, practical approach. You can rely on us for simple, honest communication and clear, sensible advice when you need it.

And with Ben Willox at our helm – an accountant for nearly 30 years – we are detail-oriented and financially focused.

But above all? We're good people. We do the right thing, by you and each other.

Welcome to Turnbull Cook.
