

# Launch your career at a fast-growing yet nurturing firm

At BellchambersBarrett our goal is to find, support and develop the best talent Canberra has always had to offer.

We began in 2014 as a team of four. Today, we're a team of 50+ people – and have been recognised as the second fastest growing startup in Australia (AFR, 2018).

Our partners all hail from top-tier firms and remain hands-on in all engagements. This means, as a graduate, you'll get to learn from the industry's best, *directly*.

We're passionate about our work (that should go without saying). But it's our people, clients and community that sit at the heart of all we do.

## What to expect from our Graduate Program

### CA study support

Generous financial packages, study leave and milestone celebrations

### Mentorship & coaching

Informal and formal training and support (through our Coach and Buddy System)

### Fast career progression

No red tape or bureaucracy to battle. If you're ready for more, we'll give it to you!

### Diverse work

A wide range of clients and assignments – from day one

### Special workplace culture

An inclusive, supportive, fun and community-minded team

### Work-life balance

No crazy expectations – your wellbeing is our priority

I went from intern to trainee... to full-time consultant. The team has been super supportive and everyone's always ready to help. It's like a second family!

Edana Nguyen, Consultant

Want to start your career with a firm that really cares?

We accept applications for graduate roles all year round – and offer flexible start dates. So, get in touch today!
