

## About

The trusted, professional wedding photography team loved by couples around Australia.

Emot was founded by a team of industry leaders who knew it was time to change the wedding photography game.

Engaged couples today are different to those of yesterday – in a million and one ways. They're beyond time poor and they expect convenience, speed, and affordable transparent pricing without compromising on quality.

Emot takes the work out of finding a photographer with a team of hand-picked professionals ready to be matched to your wedding based on your wants and needs. Emot is proud to be able to provide timely, affordable, convenient, and quality wedding photography Australia-wide.

## We Capture All Types Of Weddings

You name it. We do it.

INTIMATE & ELOPEMENTS

RUSTIC & COUNTRY

TRADITIONAL & RELIGIOUS

CITY & CONTEMPORARY

FANTASY & THEME

BEACH & GARDEN

## How Emot Is Changing The Game

### NO STRINGS ATTACHED OR HIDDEN COSTS

Our packages are clear, simple and affordable. Couples know what you're up for from the get-go.

### NO MORE WAITING FOR PHOTOS

Couples can share their photos within just two days of their wedding – and will own every single one forever.

### NO MORE LONG, DRAWN-OUT PROCESSES

Say goodbye to big fat portfolios and boring paperwork. Couples book online – in just a few minutes.

## How It Works

1.

Build your package & pay our \$400 booking fee to secure your date. Select from our two simple packages then add on extras when booking or any time in the lead up to your wedding. This fee is taken off the total cost of your package.

2.

When you book, we will send you a comprehensive wedding details form to fill out. We know how hard it is selecting a photographer so we do the hard work for you! We will use this information to assign you the perfect photographer.

3.

Your assigned photographer will get in touch closer to your wedding to go over all of your on-day details. You can contact our team at any time to update your details and provide us with more information on your wedding.

4.

After your wedding your images are all provided to our team of professional photo editors who will edit them in the Emot style – beautiful, bright and colourful. You will receive all of your images as high resolution JPEGs ready to print and share.

### The result?

The perfect photographer for your day and beautiful professional images delivered to your own online gallery in just two working days.

## Our Photographers

Guaranteed professionals specifically chosen by experts to capture your day beautifully

Our photographers are hand-picked by our two founders who are leaders in the Australian and international photography industry. Vittorio and Michael are award winning master photographers who have photographed thousands of weddings in their 30 years in the industry. They hand select Emot photographers for their skills, experience, and personality. They are all hand-picked by us because of their proven understanding that great wedding photography involves so much more than just taking great photos. Our photographers are all passionate about weddings and love witnessing and sharing your personal joy and happiness.

Every Emot photographer has a National Crime Check, and is covered by comprehensive public liability insurance for their peace of mind and yours.

VITTORIO NATOLI - FOUNDER

## Reviews

★★★★★

Renee Diniz

"Very happy with the service. We loved our photographer but also appreciated that if for some reason she couldn't come, Emot would have a backup for us."
