PINNACLE
ELECTRICAL

A truly
switched-on
team

RELIABLE AND FRIENDLY ELECTRICIANS? WHAT A CATCH!

Our relentlessly helpful team has been powering and connecting Melbourne homes and workplaces since 1995.

A visit from us will be a pleasure.

We'll arrive on time and complete the whole job to the highest of standards. First time. Every time.

And before we leave, we'll give you a full debrief and leave your place nice and clean – just like we found it. (We bet you won't find a single grubby fingerprint!).

OUR SERVICES

Smart home installation

Would you like to control your home from wherever you are – with a simple tap of your smartphone?

Then let us help make it happen. We can give a smart upgrade to any of the following:

- > Lights
- > Blinds
- > Power points
- > Garage doors
- > Kitchen appliances
- > Entertainment systems
- > Security

Home security set-up

You deserve to feel truly safe in your own home.

We supply, install, configure and guide you on the highest-quality home security system on the market.

We install Ubiquiti home security systems and products, including:

- > Home alarms
- > CCTV security cameras
- > Motion sensors
- > Automated locks
- > Intercom systems
- > Automated lighting

Split system installation

Bask in the perfect temperature all year round – and for years to come – with our split system installations.

We make sure to install your system properly the first time by fully testing every function until it works perfectly. Saving you from unplanned maintenance in the heat of summer or the snap of winter.

General electrical work

We know wiring like the back of our hands. So we always come with a can-do attitude and settle for nothing less than the best possible solution.

Whatever your electrical challenge, we can solve it:

- > Electrical safety inspections
- > Smoke alarm installation and testing
- > Garden and security lighting
- > Switchboard updates
- > Safety switch installation
- > TV installation and mounting
- > Appliance test and tag

Home network installation

If you're looking to set up a new home Wi-Fi or upgrade your existing one – we'll connect you.

As experts in data and network cabling as well as modem positioning, we can map a network for the best connection possible. Keeping you online in every corner of your home.
