Support

Your support keeps us going

We've delivered our Upstander Program to more than 142,000 students across Victoria at no cost to schools. And it's all thanks to the support of our wonderful community.

Every little bit counts

Whether financial, moral or in-kind, the help of our supporters is what keeps us going. It's what ensures the legacy of Holocaust survivors and the acts of the Righteous Among the Nations lives on. And it's what helps promote Upstander behaviour within our own communities.

Each and every donation helps us to:

- Develop and distribute high-quality educational materials to teachers and students
- Continually innovate and improve our Upstander Programs
- Recruit, train and support our hardworking volunteers
- Bring Upstander Programs to regional and rural locations
- Transport regional students to our exhibitions
- Ensure we have a strong governance framework

We continue to strive for more

With our 30th birthday now less than two years away, we've set our sights on an ambitious target: to reach an additional 30,000 students during our 30th anniversary year. This is our 30/30 Vision.

To continue delivering our mission, we welcome your support. By giving now, you can help us spread the message of acceptance and action, well into the future.
