

Proactive perks

A team that does more than just clean

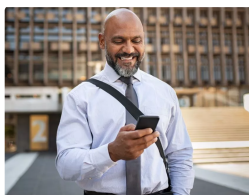

With our Proactive perks, you can always expect more than just a clean. We go the extra mile to ensure your experience with us exceeds frustrating cleaning industry norms.

So what can you expect from our cleaning team?

We keep quality in check – with our very own app

Proactive has created its own Cleaning Quality Control App, complete with GPS capabilities.

Designed to take our quality control up a notch, the app gives your stakeholders real time access to schedules, hours worked and reports.

We train & supervise staff to perfection

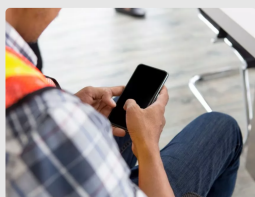

The quality of our service rests in the capable hands of our cleaners.

That's why we go above and beyond when it comes to both training and regular supervision. And that means no dirty work will ever be left to you.

We're equipped for all cleaning calamities

Whether it's a burst pipe or a mould infestation, we have you well and truly covered.

With our large inventory of equipment on hand, no cleaning calamity will stop us in our tracks – however complex it may be.

We take communication seriously

At Proactive Cleaners, our consistent contact with you is vital to a mutually rewarding and successful partnership.

From round-the-clock customer service to frequent reporting, you'll never be left in the dark.

After a proficient clean from our Proactive team?
