

# We help architecture leaders and teams thrive

At Leadership Reboot, we know that leadership isn't easy.

Especially in the high-pressure environment of architecture.

Tight deadlines. High stakes. And no room for error. Architectural leadership demands clarity and confidence.

That's why we're here – to help you lead with ease.

[About us](#)

## Our three courses

Through our psychological and science-based courses you will:

### LEADERSHIP ESSENTIALS

#### Enhance your leadership

Let us equip you with the fundamentals of leadership – greater confidence, influence and emotional intelligence.

[Learn more](#)

### ADVANCED LEADERSHIP

#### Unite your team

In this course, we'll teach you how to unite your people and support them to their best.

[Learn more](#)

### WELLBEING REBOOT

#### Find work-life balance

This course will provide you with the tools to care for your mental wellbeing and avoid burnout.

[Learn more](#)

## A complete HR solution

Beyond our courses, we also help you to:

### Master recruitment

It's hard to know a candidate's got the skills they say they do – until they start working for you.

Save time and costly mistakes with our insightful assessments and recruitment solutions.

[Learn more](#)

### Understand workplace EQ

Emotional intelligence is at the heart of effective leaders and teams. We can help you better understand yourself – and your team.

## A powerful read that will transform the way you lead

Leadership Reboot founder, Brenda James has authored this insightful and practical read for new and challenged leaders.

'Believe' will take you on an inspiring journey that will guide you from self-doubt to self-belief – and fill your heart with possibility.

Because there is a great leader already within you. And there is no time like the now – to embody the confident and influential leader you've always wanted to be.

## The office is now buzzing

'Compared to other leadership training I've been on, Brenda has a unique thoroughness. She covered a large range of leadership issues and made sure we absorbed her guidance. The office is now buzzing – and people are working together, happier and more harmoniously.'

Mike Davis, Senior Technician  
ChowHill Architects
