

ACQUAINT'S PRIVATE BOOK CLUB

How we'd help these literary legends at home

In their youth, these famed characters got up to a cheeky little thing or two. But how would they fair in their mature years?

With Acquaint by their side, they could continue doing what they love – and stay out of trouble.

Personal care for Mr Darcy and Ms Bennett – *Pride and Prejudice*

Mary Bennett once said, 'Pride relates more to our opinion of ourselves, vanity to what we would have others think of us.' And at Acquaint, we take pride in all that we do, especially when it comes to [personal care](#).

So if Mr Darcy and Elizabeth Bennett – in their mature years – were to meet with Acquaint, it would surely be love at first sight. Our commitment ensures that they would feel valued and cherished, just as they deserve.

Never one to hold prejudices, Acquaint is a natural fit for these two lovebirds who value honesty, good sense and kindness. With our tailored care, we are warm and welcoming.

As for Meryton Estate? The establishment would flourish with our considered touch. With Acquaint's premium care, every individual at Meryton Estate would thrive, just like Mr Darcy and Elizabeth Bennett in their enduring love.

Compassionate companionship for Pip – *Great Expectations*

As an older gentleman, Pip came to value loyalty and compassion above all else. But his great expectations of a carer would be no cause for concern to Acquaint, as we understand the significance of [companionship](#).

In fact, Pip would simply adore his Acquaint carer. Someone who understands the importance of social graces, with a strong moral character to boot.

We'd listen as he recounted tales of his extraordinary life. Polish the tokens of his days as a blacksmith's apprentice. And ensure a [private nurse](#) was nearby if Estella fancied the day off.

Event planning for Jay – *The Great Gatsby*

It's no secret that Jay Gatsby threw a lavish party. Perhaps a little too lavish.

Inside his opulent West Egg estate, Jay struggled to ingratiate himself with the nobility across the water. But what if he had Acquaint by his side, sharing our party-planning know-how?

We'd coach him on how to use the correct utensils. When to skip the shellfish. And how to choose the appropriate hat for a summer luncheon. (Hint: *Always* go for the Panama)

Yes, if Jay had us around, he could well still be throwing parties today.

Maintaining appearances for Jack – *The Importance of Being Earnest*

As we know, keeping up appearances can be a challenge. And Jack, AKA Ernest – should he want to continue his old tricks in his senior years – would need a scrupulous companion to continue the charade.

With Acquaint on the job, we'd be the perfect alibi. Escorting him to and from parties. Ensuring his disguise is always at the ready. And helping him find the best buttered muffins – no matter the circumstance.

Indeed, we'd be earnestly happy to oblige.
