

Our story

A bespoke financial services firm since 1967

Onefocus is a distinguished insurance broking, financial planning and accounting firm for SMEs, business owners and their families.

Located in Melbourne and Albury, we design holistic, integrated solutions that grow with you – whatever your life or business stage.

Comprehensive service from a single firm

At onefocus, we take a holistic approach to managing your personal and business finances. Our services and expertise span tax, accounting, audit, SMSFs, loans, and financial planning.

In addition, as a proud member of the Steadfast Group, we offer unrivalled insurance brokerage services. Through this affiliation, you receive access to Australasia's largest insurance broker network, guaranteeing you the best offer in the market.

Built on decades of trust

We've been securing the financial future of businesses, families and individuals since 1967. Our success and longevity stem from our decades of experience and commitment to building long-term client relationships.

We're proud that many of our clients come to us following positive word-of-mouth referrals. Many of those clients have chosen to stay for over 20 years – and counting.

It's a testament to the consistent, personalised client service we are pleased to provide.

A boutique firm with bespoke service

As an integrated boutique firm, we offer top-tier expertise at professional standards – delivered with a personal touch.

Rather than one-size-fits-all solutions, we offer considered strategic advice and carefully curated services to match your unique situation. No matter your profession or background, our specialists are here to help you achieve your goals – and protect your future.
